JETT IVERSON

Syracuse, UT | (801) 707-8981 | jett@insurancecenterut.com | linkedin.com/in/jettiverson | jettiverson.com

SUMMARY

Solo marketing lead who runs demand generation end to end for a 25-person insurance agency with no marketing department: paid search, SEO/GEO, web, social, video, lifecycle email, and reputation. Owns the number. One rebuilt Google Ads account produced $490,713 in digital premium across 306 policies. Builds AI agents and workflows that run in production (ZoomInfo-to-Claude prospecting, Zapier lifecycle, reporting dashboards), measures every channel against revenue, and trains the team to run what he ships.

EXPERIENCE

The Insurance Center
Farr West, UT

Acting Director of Marketing / Licensed Insurance Agent
Jun 2024 - Present

- **Paid search to revenue.** Took over Google Ads with only the logins and no brief, then rebuilt campaign architecture, audience targeting, and insurance-intent landing pages. Impressions up 7.4x (69.2K to 514K), clicks up 7.9x (2,060 to 16,372), inbound calls up 105% (181 to 371), and $490,713 in digital premium across 306 policies.
- **AI-built prospecting.** Connected ZoomInfo to Claude through an MCP server that pulls and ranks the week's top 10-15 prospects (niche, then geography, then Utah) and drafts outreach. Outreach volume up 400%; multiple large accounts converted.
- **Lifecycle and automated outreach.** Designed Zapier lead-gen workflows that keep prospects and commercial accounts warm with no manual follow-up (+200% outreach volume). Chose and rolled out an AI renewal-email tool to the full team through three months of resistance, 4-5 trainings, and daily one-on-one help; it now saves hundreds of staff hours and gets renewals out earlier.
- **Reputation engine.** Built a Google Reviews workflow with a live agent leaderboard and per-review incentive. Reviews grew from 95 to 306 (+222%) with the rating holding at 4.9.
- **Measurement.** Built a React and Python dashboard combining SEO performance, lead flow, keyword rank, and revenue attribution. Answering "what's working" went from a week of reports to under a minute.
- **SEO, GEO, and web.** Led the redesign and ongoing management of theinsurancecenter.com: information architecture, on-page and technical SEO, blog program, structured data, agent pages, and GEO work for visibility in ChatGPT, Perplexity, and Google AI Overviews.
- **Video and social.** Built a video editing workflow that took the agency's YouTube channel from 31.9K views in 2025 to 395.2K in 2026 (through Oct 26), about 12x, and watch time from 128 to 7,900 hours. Run organic social across platforms.
- **Sales-facing marketing.** Redesigned proposals to lead with coverage instead of a price spreadsheet. The first won a large contractor, now one of the biggest accounts; about 10 decks since have won roughly 40%. Manage 100+ client accounts as a licensed agent.

SearchLight Digital
2025 - Present

Founder

- Founded an SEO and GEO agency for small businesses that are invisible to AI search. Scoped the offer, built the site, and built the scoring engine that measures visibility across major AI search engines and converts it into a prioritized, time-boxed improvement plan.

LEADERSHIP AND SERVICE

Full-Time Volunteer Missionary, LDS Church
Porto Alegre, Brazil | Jul 2022 - Jun 2024

- Led and trained 10-20 volunteers with no fixed reporting structure, raising output through coaching and goal-setting.
- Ran trainings and presentations in Portuguese for large non-technical audiences; built community outreach from scratch with no playbook.

Corporate Account Manager, ProSales, Huntsman School of Business
Logan, UT | Jan 2025 - Present

- Own the relationship with a corporate partner: club updates and the company's annual recruiting needs.

Certified Youth Soccer Official, UYSA
Ogden, UT | Feb 2018 - Present

- Make real-time calls and mediate disputes in front of large crowds. Hold a decision under pressure and own it.

EDUCATION

Utah State University, Jon M. Huntsman School of Business
Logan, UT

B.S., Marketing, expected December 2026. 3.74 GPA while working 25 hours a week. Academic Scholarship.
